

## Crosswalk Safety

The Police Department has attempted in numerous ways to communicate the issues related to the safety of crosswalks within the City of Becker. Unfortunately, we still encounter people that are going through crosswalks when people are attempting to cross them. The key elements to the Minnesota Crosswalk Law are as follows:

1. Drivers must stop for crossing pedestrians at marked crosswalks and at all intersections and at all intersections without crosswalks or stop lights
2. Pedestrians must obey traffic signs and signals at all intersections that have them
3. Vehicles stopped for pedestrians can proceed once the pedestrian has completely crossed the lane in front of the stopped vehicle
4. Pedestrians must not enter a crosswalk if a vehicle is approaching and it is impossible for the driver to stop. There is no defined distance that a pedestrian must abide by before entering the crosswalk; use common sense
5. When a vehicle is stopped at an intersection to allow pedestrians to cross the roadway, drivers of other vehicles approaching from the rear must not pass the stopped vehicle
6. Failure to obey the law is a misdemeanor. A second violation within one year is a gross misdemeanor.

Thanks for your attention to this and should you have questions, please contact the Police Department.

Chief Brent Baloun
